Funds and Projects:

Spring 2018 KOLT Teaching Grant Recipients

- To develop online supplementary course resources for students' collaborative activities on Blackboard along with new assessment methods of student performance. A package of visual materials consisting of historical documentaries (TIG priority 4) will be created to be used as an outside class course material. Online discussion rooms with relevance to documentary subjects will be established on Blackboard where students will discuss their views and reflect on each other's opinions on relevant topics found in the documentaries (TIG priorities 1, 2). The grant will be used for the translation of documentary subtitles into English as vast of the documentaries related to course topics are in Turkish. Translation of these relevant visual materials will also facilitate the participation of international students with the course.
